■ Key Phrases

acts of kindness → acts of kindness | never give up hope → never give up hope | believe in magic → believe in magic | share with others → share with others | grateful heart → grateful heart | precious gift → precious gift

■ Grammar Rules

1. Adjective + Noun Pattern: Put adjectives before nouns to describe them. This makes your English sound natural and clear.
2. Present Simple for Habits: Use present simple (I help, he helps) for things we do regularly. Add -s for he/she/it.
3. Past Simple for Stories: Use past simple for completed actions in stories. Regular verbs add -ed, irregular verbs change completely.
4. Can for Possibility: 'Can' shows what is possible or what someone is able to do. Use can + base verb always.
5. Feel + Adjective: Use 'feel' with adjectives to express emotions and states. This pattern is very common in English.
6. There is/are for Existence: Use 'there is/are' to say something exists or is present. Use 'is' for singular, 'are' for plural.

■ Study Tips

1. Watch the video multiple times to catch new words | 2. Practice telling the story in your own words | 3. Use emotion words in your daily conversations
