■ Key Phrases

It's raining → It's raining | **I promise** → I promise | **Take care of** → Take care of | **Find shelter** → Find shelter | **Be safe** → Be safe | **Show kindness** → Show kindness

■ Grammar Rules

1. Present Continuous: is/are + verb-ing: Use this to describe actions happening right now. Very common for weather descriptions and current situations.
2. Simple Past for completed actions: Use past tense for finished actions. Add -ed to regular verbs, memorize irregular verbs.
3. Articles: a/an/the with animals: Use 'a' for first mention of one animal, 'the' when mentioning the same animal again.
4. Adjectives before nouns: Descriptive words (adjectives) usually come directly before the noun they describe.
5. Making promises with 'I promise to': Use 'I promise to + base verb' to make commitments. This is a fixed expression in English.
6. Weather expressions with 'It's': Start weather descriptions with 'It's' + adjective or 'It's' + verb-ing. This is the standard pattern.
